#### Special Pricing for New Students:

- The Complete Protect Watch curriculum for \$150.00 for members and \$200.00 for non members
- Training must be completed within 2 weeks of Protect Watch registration
- All training will then be transferred to the new expiration date of the last class completed

#### For Companies who have employees that have already completed portions of the required training:

- Beginning August 15, 2011 and ending March 1, 2012, we will recognize any required training completed after March 1, 2011 and it will be valid for this program at the time the last course is completed
- If your employee has completed Hands on Fire extinguisher (07FIREX) and any other two required courses between March 1, 2011 and August 15, 2011, your company will get the total cost reduced to \$150.00 for members and \$200.00 for non members, if they complete the training within 2 weeks of Protect Watch registration
- All training will then be transferred to the new expiration date of the last class completed

Every person that completes all 6 courses as prescribed will be issued a “PROTECT WATCH” identification card, and SCTC issued safety badge with 07Protec added to all other courses, showing completion of the PROTECT WATCH program, good for one year. The Protect Watch Identification card also lists the Monitoring devices for which they were trained. A Protect Watch sticker will be provided that can be placed on the Protect Watch person’s hard hat so that they can be recognized while on the job site.
